

## Track day fire at Broadford circuit

Every year or so I like to get out onto a proper racetrack for a 'ride day'. These are generally much safer than playing on public roads. But not always.

Here I am on my BMW R1150 GS (circled) shortly after a rider on a Yamaha R6 came to grief. You can see the whole video on YouTube at <http://www.youtube.com/watch?v=1nQy72y6IU8>
